SUMMARY

Motivated HNDIT undergraduate at SLIATE with an academic foundation in software development, database management, and system analysis and design. Hands-on experience in developing responsive web applications through academic and personal projects using PHP, Laravel, MySQL, JavaScript, HTML, and CSS. Familiar with Git, object-oriented programming, and database-driven application development. Able to work independently and collaboratively, with good problem-solving, communication, and time-management skills. Seeking a software development internship to apply my knowledge, strengthen my technical skills, and contribute to real-world software projects.

EDUCATION

Higher National Diploma in Information Technology (HNDIT) <i>Sri Lanka Institute of Advanced Technological Education (SLIATE)</i>	2024 - Present
---	-----------------------

- Relevant coursework: Software Development, Object Oriented Programming, Web Programming, Database Management Systems, System Analysis and Design

G.C.E. (A/L) Examination <i>Ke/Mw Ashoka Maha Vidyalyaya</i>	2020 - 2022(2023)
--	--------------------------

G.C.E. (O/L) Examination <i>Ke/Mw Ashoka Maha Vidyalyaya</i>	2018
--	-------------

PROJECTS

Laravel | PHP | MySQL | Tailwind CSS | Alpine.js
Developed a responsive pet clinic management web application featuring appointment booking, patient medical books, consultation live queues, vaccine reminders, billing, and a marketplace.
Implemented user and staff authentication (with role-based access for vets, receptionists, cashiers, and admins), patient and order management, and a comprehensive admin dashboard.
